<u>Amendments to the Specification</u>:

Please replace the title "Injection Molded Part" at the top of the page with the following title:

<u>Injection Molded Part</u>

Please add the following <u>new</u> heading immediately below the title on page 1:

<u>TECHNICAL FIELD</u>

Please add the following <u>new</u> heading after the paragraph ending at page 1, line 8:

<u>BACKGROUND</u>

Please replace the paragraph beginning at page 1, line 23 with the following amended paragraph:

~~The~~ An object of the invention is therefore to provide an injection molded part of the type stated at the beginning, in the encapsulation of the basic body of which damage to the visible side of the decoration is at least largely avoided.

Please replace the paragraph beginning at page 1, line 29 with the following amended paragraph:

This object is achieved ~~according to the invention~~ by the basic body consisting of a transparent and/or opaque and/or translucent plastic and the decoration being applied with its visible side to the surface of the basic body.

Please add the following <u>new</u> heading after the paragraph ending at page 1, line 33:

<u>SUMMARY</u>

Please replace the paragraph beginning at page 2, line 28 with the following amended paragraph:

The decoration-free regions may be arranged in the edge region of the decoration [[4]] for the material-engaging connection.

Please replace the paragraph beginning at page 4, line 22 with the following amended paragraph:

Exemplary embodiments ~~of the invention~~ are described in more detail below and are represented in the drawings~~,~~ ~~in which:~~

Please add the following <u>new</u> heading after the paragraph ending at page 4, line 24:

<u>DESCRIPTION OF THE DRAWINGS</u>

Please add the following <u>new</u> heading after the paragraph ending at page 4, line 33:

<u>DETAILED DESCRIPTION</u>
